Please accept this letter on behalf of USA Cheer's effort to add STUNT as a NCAA Emerging Sport. USA Cheer's initiative could provide additional opportunities for women to participate and achieve the significant educational outcomes that come with participating in intercollegiate athletics.

Wrestle Like A Girl is the only advocacy organization in the nation that works to empower girls and women through the sport of wrestling to become leaders in life. Our organization advocates for human right in sport, equality, inclusion, and conducts empowerment camps and clinics to introduce girls and women to the sport of wrestling.

Wrestle Like A Girl emphatically supports the work of the Committee on Women's Athletics and its Emerging Sport process. To bring to fruition the promise of Title IX, the increased opportunities for female student-athletes needs to continue. The addition of STUNT as an emerging sport in the NCAA program could help fully realize this promise.

STUNT could provide colleges and universities with an additional pathway to increase its female sports opportunities and support Title IX compliance. We fully support the initiative of USA Cheer to obtain NCAA Emerging Sport status and strongly encourage the Committee on Women's Athletics to favorably approve their proposal.
